Arras Group

Excellence and sustainable innovation in the Mediterranean's premier seafront locations

For over a decade, Arras Group has become synonymous with excellence in the sea-view second home market, merging luxury with cutting-edge innovation. Every stage of property development - from land selection to sale - mirrors the company's commitment to detail, quality, and integrity.

Commitment to Sustainability

Arras Group's responsibility to the environment is evident in every project. They are dedicated to using local, energy-efficient materials, championing the creation of homes with a low environmental footprint. Sustainability isn't just a buzzword for them; it's a foundational philosophy.

The Future of Second Homes, Today

Innovation lies at the heart of what they do. Their clients have the opportunity to tailor their sea-view homes with the expertise of Arras Group's architects, ensuring each residence is distinct and custom-crafted. The company's digital platform allows buyers to immerse themselves in the experience, witnessing property developments in real-time and customising them according to their needs. Arras Group invites you to discover the joy of experiencing a second home like never before.

More Than Just a Home

With Arras Group, you're not just purchasing a home; you're securing a comprehensive service and a once-in-a-lifetime living experience. Arras Group guarantee a transparent, direct purchase journey without brokerage costs, ensuring every client is satisfied and supported at every step.

Blue Wave Villa

In the beautiful Cagliari, Sardinia, Italy, the company introduces the new Blue Wave Villa. The project is situated in a lush, quiet area, where one can bask in total relaxation while enjoying breathtaking sea views and witnessing incredible sunsets.

With its modern and elegant design, spacious areas, and strategic location, this villa stands out as an ideal dwelling choice for those seeking utmost privacy while still having easy access to the beaches and the city's commercial and transportation services.
